Room Hire Details

We are a theatre company that creates work for and with children and young people. We are based within the Barton Hill Settlement, an organisation which works closely with the local community. We are lucky enough to have a beautiful, light and airy space that we use to rehearse in and run our five youth theatre groups. This space is available for hire along with other spaces within the Barton Hill Settlement.

Main Rehearsal Space:

This space is suitable for rehearsals, research & development, meetings of up to 30 people, one-off theatre or dance workshops, and informal showing of new work.

The space is available Monday – Friday 9am – 6pm, except during school term-time when the available hours are limited on the following days: Mondays 9am – 5pm, and Wednesdays 9am – 4pm, as the space is used for our youth theatre on those evenings. If visiting companies need exclusive use of the space so that they can leave the setup, this will be charged at the commercial rate (see Rates table below) if booked for the full week. A limited amount of storage space is available within our Balcony storage room adjacent to the space. Weekends are only available by special arrangement.

Dimensions are Length = 11.8m Width = 6.8m Height = 4m

Access

The premises are fully accessible. On arrival at the Settlement the entrance can be found on the corner of Ducie Road & Morley Street. There are signs to the Travelling Light space once you have entered the garden area.

Security

To ensure security within the premises, the door to our space has a coded keypad. Hirers of the space should have their own insurance as Travelling Light cannot be liable for loss or damage to set and equipment.

Use of space guidelines

Travelling Light uses the space for rehearsals and regular youth theatre sessions.

On the first day of your hire a member of staff will provide a briefing and induction to the space and facilities and can help answer any questions about your hire. Additionally please feel free to contact us with any questions you may have on the guidelines, possibilities and restrictions of hiring the space.

Any expensive technical equipment that you bring in must be removed at the end of the session as we don't have secure storage space for it and we cannot take responsibility for the loss or damage to this equipment.

If you are trying to do any prop making or working with sets, the balcony storage room can be used but please be aware of Health & Safety issues and make sure the space is cleared afterwards. DO NOT saw wood or paint in the rehearsal space.

Sets and props

When there is a changeover between activities e.g. the Travelling Light youth theatre is on Mondays & Wednesdays, the space must be cleared so that it is safe for the participants (this would not be applicable for exclusive use of the space). As part of our agreement with you, we will discuss what, if anything, can be left in our space e.g. props can be left in the balcony storage room.

Facilities provided

There is a kitchen area within the rehearsal space with kettle, microwave, fridge, mugs and plates for your use. Tea-making facilities are provided but you must bring in your own tea/coffee supplies.

If you wish to use the photocopier please ask one of the Travelling Light staff who can do this for you –please ask the General Manager about costs.

We have Wi-Fi within the space. To connect you will need a password which we will give to you when on your first day in the space.
